# About us

DMTC is a Management Training and Consultancy, with years of experience as results-oriented learning facilitators in National and International co-operations and our experts are dedicated professionals, working with great flexibility and understanding.

DMTC enhances the competencies of staff members, assists organizations to improve performances, maximizes the impact of partnerships and networks and focuses on sustainable results in projects and programmes.

DMTC offers professional recruiting services in all categories for all sectors and with years of industry knowledge and expertise, DMTC specializes in finding and placing top talents at premiere National, International Companies, Corporations and Government Institutions.

We offer effective training and consultancy programme, individual, organizational and network level etc. throughout all sectors in GCC.

To achieve results, we focus on the abilities of people. We will build onto your existing knowledge and experiences, respect diversity, and meet your reality at work.

# About us

We at DMTC are passionate learning facilitators with years of experience in the field of national and international co-operation. Clients therefore call upon our training and consultancy services to achieve better and more sustainable results. We offer expertise on the programme, individual, organizational and network level, throughout all sectors in GCC.

At DMTC, we believe in positively affecting people by inspiring them in their personal, social and professional environments. In doing so, we strengthen their respect for themselves and for each other, and give them a new, take on their values, beliefs and perception.

An acronym for Succeeding through Enriched People, DMTC recognizes the significance of people as the true differentiator in today's competitive environment.

In light of the same, we are committed to help modern organizations harness the Human Resource function as a strategic partner in business success and growth with a range of Learning and Development activities and initiatives, including a host of path-breaking proprietary tools.

# About us

After conducting a thorough Need Assessment of an organization, we offer customized solutions that bring positive and measurable changes in behavior, attitudes and skills at all levels of an organization.

Going beyond organizations, DMTC initiates contact with people when they are at their crucial stages of life, by running various programs for professional engineering and management institutes.

All our interventions carry the distinct flavor of experiential learning and looking beyond the classrooms.

We focus on interactive learning experiences and facilitate change within an organization and individual context.

Our aim, a continuous drive for adding meaning to organizations through people development initiatives. We are constantly evolving in our adopted methodologies, tools and techniques.

For this purpose, our highly qualified team spends a large part of their time on researching and upgrading their skill sets and knowledge.
